

Outpatient Visitation Policy

To Protect the Health of Our Staff and Patients, Blanchfield Army Community Hospital will Implement a COVID-19 Visitation Policy

Effective Immediately

Outpatient Visitation Policy Guidelines:

- All patients and visitors entering the facility will be screened for illness prior to entry.
- Face masks will be provided to patients and visitors with symptoms consistent with the common cold, cough, etc.
- Due to the increased risk of infection with **COVID-19**, visitors **over the age of 65** are strongly discouraged from entering the hospital facility for visitation.
- You must have an appointment or be conducting official business when entering a clinic or the hospital. MEDDAC and WTB mealcard holders may enter for meals.
- Visitors may not accompany those with an appointment, unless one of the following applies:
 - a) Patients of minors may have one parent, guardian or caregiver to accompany them.
 - b) Elderly patients or those with a disability requiring assistance may have one caregiver accompany them.
- If unable to follow the visitation guidelines, we request that you reschedule your appointment by calling the appointment line at: 270-798-4677 or 931-431-4677
